Pedestrian with Floor Barrier

Improve your workspace's safety and pedestrian and traffic flows with the configuration Pedestrian with Floor Barrier. Designed to efficiently segregate pedestrian walkways from vehicular routes, including those frequented by forklift trucks, AMRs, and AGVs. This product serves as an alternative to our other X-Protect Pedestrian barrier configurations, focusing on improving safety while maintaining an efficient traffic management.

The Pedestrian with Floor Barrier keeps pedestrians and vehicular traffic separated with added protection from low-level hazards such as vehicle forks and pallets in transit. Installation is straightforward, with a low fixing count. This minimal invasiveness facilitates a quick setup process that does not necessitate extensive modifications to your existing layout.

The system's adaptability is enhanced by push-fit parts and heavy-duty expansion bolts, allowing for easy assembly and quick adjustments with our included drilling template. This adaptability ensures that the Pedestrian with Floor Barrier can evolve with your workspace's changing safety requirements, providing a reliable and durable safety solution.

Models

ARTICLES / DESCRIPTION		HEIGHT (MM)	LENGTH (MM)	CC (MM)	COLOR
	FCE3-022-I100-10 Floor barrier end - 10 pack	221			Graphite Black (RAL 9011)
	FCE3-022-I100-2 Floor barrier end - 2 pack	221			Graphite Black (RAL 9011)
	BCE0-116-00P3 Pedestrian end	1160			Zinc Yellow (RAL 1018) Graphite Black (RAL 9011)
	BCE1-116-00P3 Pedestrian end	1160			Zinc Yellow (RAL 1018)
	BCM0-116-00P3 Pedestrian mid	1160			Zinc Yellow (RAL 1018) Graphite Black (RAL 9011)
	BCM1-116-00P3 Pedestrian mid	1160			Zinc Yellow (RAL 1018)
